
LEADING GLOBAL ENGINEERING CONSULTANCY

INTERNATIONAL

Utility to Utility · Power Generation · Transmission & Distribution · Strategic Advisory · Specialist Services · O&M

OUR PURPOSE AS AN ORGANISATION IS
TO SHARE OUR EXPERIENCE AND WISDOM
TO BUILD OUR CLIENTS CAPABILITY AND
SKILLS TO MEET THEIR FUTURE NEEDS.

IN DOING SO, WE BECOME THEIR
TRUSTED PARTNER, EMPOWERING
OUR CLIENTS TO DELIVER ENERGY
FOR GENERATIONS TO COME.

WELCOME

Since 1927, Electricity Supply Board of Ireland - ESB, has brought the power of electricity to the four corners of Ireland. Helping to enable Ireland to become one of the most successful global economies enjoying the 3rd highest standard of living in the world.

ESB International is ESB's Leading Global Engineering Consultancy. Headquartered in Dublin, Ireland, with a central hub in the Kingdom of Bahrain, we have operations in the Middle East, Europe, Africa and South East Asia. In all our markets, we are faced with strategic challenges that affect millions of people – and our solutions help to transform economies, societies, and the lives of individuals and communities.

Our success is built solidly on our experience in delivering electricity to our own country, resulting in a social and economic revolution over many decades.

Since 1975, we have worked in over 120 countries for public and private clients, and are unique in the industry because we offer clients not just technical expertise, but also the leadership and personal commitment to succeed in some of the most demanding economies and geographical regions around the globe.

THE MARKETS WE HAVE SERVED

ESB International has successfully completed projects in over 120 countries around the globe, and have established local offices in many corners of the world.

OUR PURPOSE

We bring the very best of our talent and capabilities to efficiently deliver engineering solutions that support our clients and the communities they serve in transitioning to a reliable, affordable, and sustainable low-carbon future.

SOCIAL, ENVIRONMENTAL, HEALTH & SAFETY

Dedication to adhering to the highest standards. ISO Certification across all our businesses.

120 COUNTRIES

Successfully completed projects in over 120 countries around the world including owner's engineer up to 400 kV

OVER 47 YEARS

We have served the international power sector since 1975

TECHNICAL TRANSFER

Through a partnership approach, we share our experience and wisdom to build client capability skills to meet their future needs.

OUR OFFERING

World class expertise across T&D systems, strategic management and consultancy and thermal and renewable generation.

OUR SOLUTIONS

ESB International offers a full range of Engineering, Operations and Maintenance solutions, as well as Consultancy services to the global energy market.

POWER GENERATION

ESB International have world class expertise in thermal and renewable Power Generation projects, including operating as Owners Engineer (OE) and working on Operation and Maintenance (O&M) projects for our clients. Our experience in this area includes wind, solar, hydro, biomass and waste to energy.

Our focus on enhanced performance and efficiency ensures we consistently deliver high levels of availability and profitability to our clients.

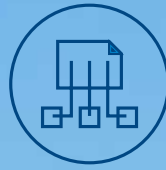

TRANSMISSION AND DISTRIBUTION

ESB International works with private and public sector clients around the world to deliver reliable, secure and efficient electricity transmission and distribution networks.

UTILITY TO UTILITY

ESB International work with partner utilities around the world to deliver wholesale improvements to the performance of their companies.

SPECIALIST SERVICES

ESB International advise on sub-sea cable repair, smart energy services, smart metering, data centres and electric car networks.

We place a high priority on innovation in new technologies, investment in renewable resources and smart infrastructure. Our goal is to ensure that we can provide a complete service offering to our clients including solar, wind, hydro, and solar generation capabilities across all our international markets.

STRATEGIC ADVISORY

ESB International draws on our knowledge and experience as being part of a vertically integrated utility to deliver strategic and engineering consultancy to our clients across the world.

ESB International is committed to being a successful, responsible and progressive company, contributing to economic and social progress in the regions where it operates

OUR BRAND VALUES

Our brand values define who we are, how we work and what our customers experience when they deal with us.

**WE'RE
COURAGEOUS**

We are prepared to challenge the way things are done and look for better ways of working.

**WE'RE
CARING**

We put customers current and future needs at the heart of what we do.

**WE'RE
DRIVEN**

We bring passion and persistence to what we do everyday while always innovating and collaborating.

**WE'RE
TRUSTED**

We take ownership, seeing the job through whilst protecting the health and safety of our clients and team.

JUDGE US BY THE COMPANY WE KEEP

ESB International's success is intrinsically linked to the success of our clients – we can only flourish when they do.

Our clients always come first and we build and develop relationships by listening intently to them and developing a genuine understanding of their needs, their ambitions and the markets within which they operate.

Brief overview of some of our clients.

Proof of our commitment to maintaining exceptional client relationships is that some of the clients we partner with today have been with us for over four decades
